IP67 | IK08 | III | CE | STOP | NB | 500kg | -20/+50°c

Rim, the latest addition to the Unolumen collection, is a small but performing recessed fixture with steel ring, proposed with diameters of 45 mm and 70 mm. The reduced sizes and the easy and quick installation allow its positioning in external and internal areas. In fact, Rim can be installed on floor, wall or ceiling, turning almost invisible, but insuring the created light and atmosphere to be the real main characters of the scene. The proposed beams are suitable for smooth or highlighted effects, for single or in-series installations. The ring of 316L stainless steel and the system AcquaStop for the anticondensation protection make Rim a safe and multipurpose product, ideal to give light to your fantasy.
